

## Letter of Med Nec for diapers

Date:

RE:

DOB:

To whom it may concern;

(patient) is a (age) (sex) that has a diagnosis of but not limited to (diagnosis). (patient) is non-verbal, non-ambulatory and is dependent on caregivers for all aspects of care. Due to (patient) having (dx causing incontinence), he/she is not physically or mentally capable of being toilet trained. Therefore (patient) is required to wear diapers.

Sincerely,
